

About the Program

The Advanced Technical Certificate (A.T.C.) in Financial Technology (FinTech) educates, trains, and develops students for careers in the financial industry.

This program requires a **minimum of 24 credit hours**. Total program hours may vary based on the student's individual academic degree plan. This program **is eligible** for financial aid.

Program Requirements

This is a Selective Access Program.

Students must follow the program application procedure and fulfill all requirements outlined in the college catalog.

Important for You to Know

This academic roadmap does not include advanced technical certificate graduation requirements.

Students in this certificate program **are not required** to complete math courses unless they are listed as part of the certificate program. This certificate articulates directly into the Business Administration (2213) (A.S.) degree, which includes an **Algebra Through Calculus math pathway**. This pathway is intended for students whose academic program requires a foundation of algebra, followed by a sequence of courses that may lead to calculus.

Additional Information
