

## About the Program

The Technical Certificate (T.C.) in Stage Technology provides students with the foundation skills required to begin working in North Florida's live entertainment industry. The program focuses on stagecraft, lighting, and sound production for theatre, concerts, dance, and industrial theatre.

This program requires a **minimum of 17 credit hours**. Total program hours may vary based on the student's individual academic degree plan. This program **is not eligible** for financial aid.

## Program Requirements

Students must fulfill all requirements outlined in the college catalog.

## Important for You to Know

**This academic roadmap does not include** developmental education courses in reading, writing, and/or mathematics or other prerequisite courses that you may be required to take. In addition, it does not include technical certificate graduation requirements.

Students in this certificate program **are not required** to complete math courses unless they are listed as part of the certificate program. This certificate articulates directly into the Theatre and Entertainment Technology (Entertainment Technology) (A.S.) degree, which includes a **Mathematical Thinking in Context math pathway**. This pathway is intended for students in the broadest range of programs of study. In this pathway, students will explore a variety of mathematical concepts utilizing multiple ways of thinking to formulate and solve problems in context.
